

NEW ENGLAND INSTITUTE OF TECHNOLOGY

2017 NEIT Senior Scholarship Award Program

STATEMENT OF PURPOSE

New England Institute of Technology (NEIT), Rhode Island's largest private technical college, recognizes its responsibility to encourage the preparation of sophisticated technicians essential to the economic development of the region. The New England Institute of Technology's "2017 NEIT Senior Scholarship Award" is awarded to those high school seniors who have been identified by a high school educator or administrator to be a worthy recipient and who have enrolled or are interested in New England Institute of Technology. For the 2017 NEIT Senior Scholarship Award Program, you may nominate as many of your students who have enrolled or are interested in New England Institute of Technology as you deem appropriate, regardless if there is more than one worthy student in a specific program.

All students who are nominated will receive a certificate from NEIT. All students who elect to attend NEIT will receive a NEIT tuition scholarship of up to \$1,800.00. All nominations for the 2017 NEIT Senior Scholarship Award Program must be received *no later than April 20, 2017*. Students will be notified in writing of their award after May 15, 2017. **No substitutions or additions to the scholarship listing will be accepted after the deadline.**

We are very proud of our role in the preparation of qualified technicians in our region and we encourage you to participate in this important program.

New England Institute of Technology

DETERMINING 2017 NEIT Senior Scholarship Award Program WINNERS

2017 CRITERIA

1. Career Potential
2. Student's Motivation
3. Teacher/Counselor Recommendation
4. Student must be high school senior
(Schools may nominate any number of student applicants per technology.)

New England Institute of Technology (NEIT) acknowledges that the selection of award winners and the basis for determining that selection rests with the individual high school representatives. We at New England Tech are pleased to be able to offer this award to those students who the high school representatives deem worthy recipients.

Schools will receive certificates to present to the winners.

The deadline for completed applications is April 20, 2017. No substitutions or additions will be accepted after the deadline. Certificates will be shipped to the high school contact after April vacation week.

2017 NEIT Senior Scholarship Award winners will be eligible to receive up to \$1,800.00 in scholarship towards the tuition of their New England Institute of Technology Associate's Degree program in accordance with the Scholarship Acceptance Form. To qualify for the scholarship, the student ***must be enrolled*** in a full-time Associate's Degree program at NEIT. The up to \$1,800.00 scholarship will be awarded based on federal financial aid need guidelines. Students that have not enrolled prior to the April 20, 2017 deadline will still be eligible for the scholarship should they enroll within one year of their graduation date.

NEW ENGLAND INSTITUTE OF TECHNOLOGY

2017 NEIT Senior Scholarship Award Program Application

Part A

Below is the list of technologies that NEIT will be awarding scholarships in this year. Please **do NOT** add any additional categories to this list.

- Automotive Technology
- Automotive Collision Repair Technology
- Automotive High Performance Technology
- Architectural Building Engineering Technology
- Building Construction/Cabinet Making Technology
- Business Management Technology
- Civil Engineering Technology
- Clinical Medical Assistant Technology
- Criminal Justice Technology
- Cyber Security Technology
- Digital Media Production
- Electrical Technology
- Electrical Technology with Renewable Energy Systems
- Electronic Systems Engineering Technology
- Game Design and Development Technology
- Graphics/ Multimedia and Web Design Technology
- Heating Technology
- Interior Design Technology
- Marine Technology
- Mechanical Engineering Technology
- Medical Laboratory Technician
- Network Engineering Technology
- Nursing
- Occupational Therapy Assistant Technology
- Paramedic Technology
- Physical Therapist Assistant Technology
- Plumbing Technology
- Refrigeration/Air Conditioning Technology
- Respiratory Care Technology
- Software Engineering Technology
- Surgical Technology
- Veterinary Technology
