---

In an effort to further serve those students who continue to struggle in certain academic subjects, the Guidance Department is recruiting Honors and Advanced Placement sophomores, juniors and seniors who would be willing to tutor.

Since most of you are college-bound, we know you are looking for or will be looking for community service hours and / or projects to include on your college and scholarship applications. This community service opportunity may also interest those of you who have not yet been inducted into the National Honor Society.

If interested in tutoring struggling students, please complete the following information and return to Mr. Wilkins in the Guidance Department.
