Dear High School Teachers, Guidance Counselors and Administrators:

Each year the Henry David Thoreau Foundation selects several **Massachusetts high school seniors** interested in areas **related to environmental studies** to receive up to **\$20,000** each for tuition to the college of their choice. We call them Henry David Thoreau Scholars.

Our objective is to foster future environmental leaders. Thoreau Scholars study many different subjects such as oceanography, green architecture, conservation biology, and alternative energy. Thoreau Scholars also participate in study abroad programs and gain work experience through internships, which reinforce an interdisciplinary environmental experience for undergraduates.

**Our application opens October 15, 2020 and closes February 1, 2021.**
